

LocationSaver

The Idea

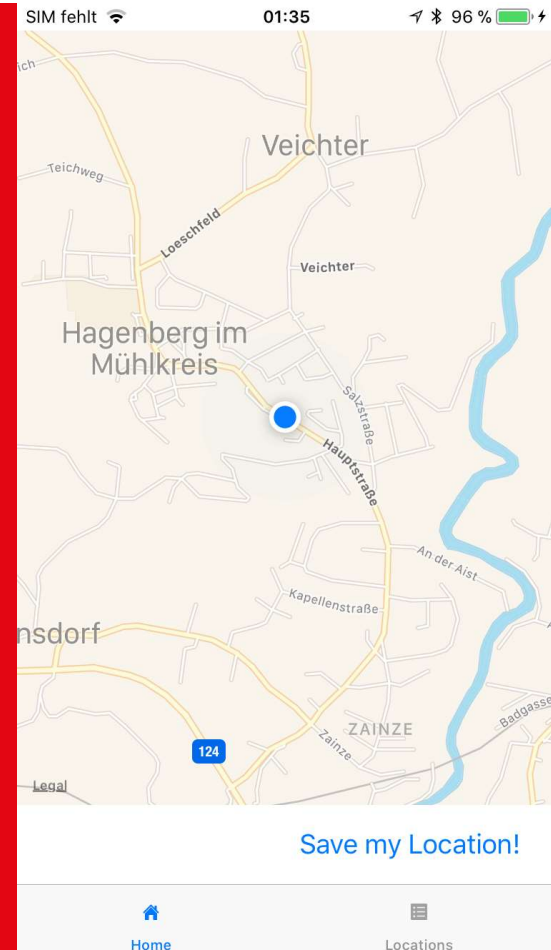

- Save your location and give it a name
- Add some information and take a photo
- Whenever you need it – look up in a list to find it quickly

The Application

Screen 1: The Map

- Shows a map of your location right now
- You can save your location

22.12.2017

The Application

Screen 2: Edit your saved place

SIM fehlt 01:36 97 %

[Back](#)

Name Zuhause
